Dear Dear:—

I know you will think me crazy, as this is the second time I am writing to-day. Just want to let you know how crazy the post system is. This morning I received your Monday letter after receiving no mail at all for 2 days. Now this afternoon comes your Sunday letter together with the one you wrote Tuesday! Can you find anything to equal that? How on earth can they get a letter mailed a day later before the one posted on a previous day? Now, honey, you may understand the letters I wrote you yesterday and this morning. You, as a lawyer may solve the mail problem, I can't! I only know I almost what below crazy those two days - Tuesday & Wednesday, particularly Wednesday.

Will write you again to-morrow, honey love.

Take good care of yourself - especially as that you eat. I do hope, love, you do not suffer anymore with headache. Never mind, it's not so much longer now before I'll cure you. Kill or cure! Laugh! That me, all over Joe. In all this excitement you got an extra letter,

eh? Well, to-morrow you are going to pay up for it cause I am only going to say Hello + Good-Bye - See! Laugh, again.

You, honey, will get this, I hope, Saturday, so I shall express in this letter my sincere birthday wishes to you. I am certainly sorry that we are not to-gether, but the thought that the time is so near will have to cheer me up and act as an inducer to Birthday cheer. Dear, I wish you happiness, and health during the year, and, if good fortune comes along, so much the better we will be able to enjoy it, - but health, dear, good health and happiness, - a great deal of it - is what I wish my precious hubby dear. (I'm sorry I can't express it verbally + with a good hug + kiss - Shan't, love, soon.

With all my love, hugs + kisses,

Your loving wifie

Frances.
